ABOUT US

We are N-Fizah Investments Limited, a Nigeria-based company with a strong international presence in agricultural exports and solid mineral trading. Since our inception in 1995, we have remained committed to delivering the finest quality products to our global clientele. At the heart of our operations is a deep-rooted belief in integrity, excellence, and customer satisfaction. Our offerings include a wide array of agricultural products—ranging from nutrient-rich peanuts and kidney beans to exotic dry hibiscus flowers and cocoa beans. Our agricultural division is backed by thorough quality control practices and a strong supplier network, ensuring every shipment exceeds client expectations. We are also actively involved in the mining and export of valuable solid minerals such as copper ore, lead ore, and fluorite ores. Our expertise extends to logistics as well, with a dedicated subsidiary that ensures seamless cargo handling and maritime services, adding value to our end-to-end trade solutions.
